ADOPT PLAN FOR TEACHERS' COLLEGE AT THE U. V. M.

State Board of Education
Has Recommendations
for Legislation

At a meeting of the State Board of Education at the Hotel Vermont all members of the board and Commissioner Clarence H. Dempsey being present, the subject of teacher training was considered and a plan adopted for recommendation to the Legislature. This plan includes the acceptance of the gift of \$10,000 offered by the Carnegie Corporation, with the conditions attached, toward the establishment of a central institution for teacher training.

The University of Vermont has agreed to undertake the raising "within a reasonable time," of the \$200,000 required by the corporation to be expended upon the plan before its own gift is available, also to provide free to the State a suitable site for the building or buildings.

A memorandum has been ratified by the board and the University covering the terms of affiliation between the proposed institution and the University. Details are in process of formulation for the forthcoming report of the State Board to the Legislature.
